

SCDSB

Special Education Advisory Committee **Statement of Beliefs**

Based on our belief in **respect, leadership, integrity, collaboration, compassion, student driven services and the right of all students to be included**, we advocate that:

- All students have equitable opportunities to learn and participate in inclusive school communities. They are supported in developing and maintaining relationships, and participating in freely chosen activities and groups that result in a sense of belonging.
- Students' unique learning styles are recognized and planned for in a caring and sensitive manner, enabling them to learn and participate with dignity and respect.
- Students' strengths and special education needs are identified and responded to early, as this is paramount to their growth and development. Based on best practices and research the SCDSB will adopt proactive, innovative practices to promote individual student capacities and gifts while addressing their special education needs.
- Education services are delivered using a collaborative and flexible process centred on the strengths and needs of the students, inclusive of family, school, and community, and based on the best learning outcomes for the student. The student's "voice" is key to all decisions made on behalf of and with the student.
